\*Plate capacity depends on thickness and total weight of plates.

**CONSTRUCTION...** Completely welded double wall cabinet construction. High density fiberglass insulation.

**SHELF MOUNTING PROVISIONS...** Stationary clips & hardware provided to mount unit to shelf in field. Minimum shelf load required for mounting: HP38 - 395 lbs (179 kg), HP40 - 415 lbs (188 kg), HP42 - 435 lbs (197 kg), HP58 - 600 lbs (272 kg), HP65 - 675 lbs (305 kg).

**CABINET MATERIAL...** All stainless steel construction; 20 gauge polished exterior, 16 gauge interior base. Powder coated aluminum door.

**DOOR...** Blue powder coated aluminum door. Flip up style with menu card holder. Door is recessed above plates when cabinet is open.

**INSULATION...** High density fiberglass, 1 1/2" thick on sides and top.

**CABINET CAPACITY...** Plate capacity depends on stacking height/thickness of plates. Accommodates plates up to 12 3/4" in diameter.

**GREASE FILTER...** Two piece washable pull-out grease filter. Dishwasher safe.

**CONTROLS...** Recessed on/off switch. Red power-on indicating light. Red low temperature indicating light for auto-reset high limit.

**HEATING SYSTEM...** Top mounted convection heating system. Factory set for 155 degrees. Temperature range of 120 to 185 degrees. Incoloy-sheathed heating elements, on/off switch with breaker, power indicating light and trouble indicating light.

**ELECTRICAL CHARACTERISTICS...** Operates on 120 volts, 60 cycle, single phase, 1920 watts, 16 amps. Six foot 3 wire rubber cord with 3 prong grounding plug. NEMA 5-20P. Cord located on right end.

**OPTIONS/ACCESSORIES...**

- Sliding doors in lieu of flip-up door (HP58 and HP65 only)
- Left end cord location

Specifications subject to change through product improvement & innovation.

## HP SERIES SHELF MOUNTED PLATE WARMERS

*Since 1947, Foodservice Equipment That Delivers!*

**DOUBLE WALL STAINLESS STEEL CONSTRUCTION...** Strongest, most durable materials for long life and easy cleaning. High density fiberglass insulation for maximum heat retention.

**HIGH PERFORMANCE HEATING SYSTEM...** Blower system for fast heat up, recovery and heat distribution throughout cabinet. Simple on-off switch with power indicating light and red service indicator light for simple operation. Factory pre-set at 155 degrees.

**GREASE FILTERS...** Protect heater components from grease and dirt so unit may be mounted conveniently above grill or saute station. Simple pull-out design for easy removal and cleaning. Filters can be washed by hand or run through an automatic dishwasher.

**FLIP UP DOOR...** For easy plate access, door can be pushed up into recessed track. Includes conveniently located menu card holder.
